

To whom it may concern:

We HIGHLY OPPOSE LC-18. As a housing provider we still have a mortgage on our rental, the property taxes, insurance, etc. None of that is forgiven. Those only go higher. Yet we are expected and MUST pay them.

I currently lost MY job because of the pandemic, so who is going to help me?

Please take into consideration that there is still the "little guy" out here who has 1 rental as an investment for retirement and you want US to forgive some of the rent?

That certainly doesn't help!

Sincerely, Bob and Pam Englund
