

Relief for landlords

Dear legislators,

My wife and I own a 10-plex, a 5-plex, a 4-plex and a duplex in Grants Pass. While most of our tenants have continued to pay their rents on time, several have had to avail themselves of help from UCAN in order to be able to do so. So far we are fine, but I am concerned that as time passes, more of our tenants will start to have problems. This, in turn, may start to adversely affect us. We would only ask for one thing: to be made whole for all rents lost. Giving us 80% won't do it.

Thank you for considering our needs as well as those of our tenants.

Sincerely,

Gary and Kathy O'Neal
