

As a 77 year old Senior living in The Dalles, Oregon I do not have Stocks, Bonds, 401-K or Life Insurance income. My retirement is Social Security and Income from Rental Property. Principle and Interest Payments, Property Taxes, Fire and Liability Insurance, Repairs, AND most other Landlord expenses and monthly fees ie garbage, water, sewer, electricity, natural gas, bookkeeping, tax costs, legal fees and service contracts CONTINUE without any relief! And in many cases, INCREASE! Now, with this UNFAIR proposed Rental Assistance Bill LC-18 requiring a Retired Senior Citizen to pay the rent of others from retirement income is WRONG. I stop this unfair proposed rental assistance bill. I find it hard to believe any of those who are proposing this bill would be willing to pay another person's rent out of their retirement funds.

Joseph Stewart.
