

I am writing in regard to the bill requiring landlords to forgive 20% of the rental bill to receive compensation for non payment of rent due to Covid-19 government restrictions. We are landlords and own one duplex. We are not even charging our tenants market rent and depend on the rent to supplement our social security. We don't feel it is right that the government is restricting our rights to collect rent and evict tenants, much less forcing us to forgive rent to collect what is rightly ours. If government is restricting our rights to collect then they should be responsible to pay us in full to make us whole.
