

My name is Frank Beebe , I live in Roseburg I am shown as being in district 4 however my state Senator is Dallas Herd and now I am in District 1. District 4 which is where I am shown in now meets on 9/9 and 9/10. I do not have any resource that shows where population and political affiliation and independent voters reside in the state. What I would like to have done is to split up the various parties evenly in each district. We need true representation of our population rather than stacking the boundaries to advantage one political party! Sincerely Frank D Beebe
