

Dear Committee,

I'm located in district 3 in rural Oregon City. After looking at the district map.

I would like to make the following suggestions:

Remove the north part of Clackamas County from district 3. Add us to district 5.

With us being a greater part of Portland and Multnomah County I feel we can't out vote the larger Democratic community. Clackamas County is largely a rural, and agricultural county. I don't want people in the city to determine what is best for rural areas.

Perhaps, incorporate parts of districts 1 and 5 into district 3. Add Clackamas County to district 5.

Thank you for listening

Sincerely

Gary Warren
