

Legislative Plan A – House and Senate Districts

This document lists how Legislative Plan A complies with the requirements in ORS 188.010. The ‘integrity test’ on the ESRI Redistricting application screens all submissions to ensure that each plan adequately complies with the Oregon’s requirements for contiguity and equal population in redistricting plans. This document describes the transportation links as well as the existing and geographic and political boundaries that Legislative Plan uses to avoid dividing communities of common interest.
