

To whom it may concern.

I reside in the congressional district 59 and after reviewing the proposed redistricting maps I strongly object to being included in the district with Milwaukie and Clackamas counties. I believe this would even further the unfair representation of my district. We obviously have far different demographics than these urban areas. Map A would place us at a significant disadvantage representing the interests of my area. I request that Map B be selected for our district.

Thank you,
