

Congress Plan A has my vote - it unifies the Columbia Gorge communities, both towns and close-in rural areas. We identify with each other, are active together politically, and feel akin to Central Oregon. IT MAKES SENSE.

I hate all 3 House Plans because they carve up the community of The Dalles in odd ways, all 3 of them. A and C come the closest to making sense but the precincts I represent as a Precinct Rep and a member of the Columbia Gorge ESD Board of Directors are sliced up. Please tweak the map so our community isn't sliced in 2 (and by community I don't mean strictly the city limits).

I like Senate C best but, again PLEASE DON'T SLICE UP THE COMMUNITY OF THE DALLES.

Thanks for listening!
