

Hello,

I am a lifelong Southern Oregonian and have watched our state government process fail and become unbalanced and unchecked.

I believe all Oregonians have a right to have their voices heard in a fair manner. I believe rural Oregonians should have equal weight in voting and voicing concerns over matters. Rural Oregon is very different than metro Oregon cities and should not have to be blinded by large city policies. Further, no district should be drawn for the purposes of favoring any political party or Incumbent or diluting the voting strength of any language or ethnic minority group.

Lines should keep counties and cities whole, unless it creates an unbalanced district favoring too heavily on one political side. This includes preserving communities of common interests, and ensuring populations in each district are closely matched.

Please let the people of Oregon help decide and approve fair district lines.

Thank you.

Sincerely,
Christine Rackley
Constituent District 2
