

Dear Members of the Redistricting Committee:

As an alumnus of the University of Oregon I believe Map C is the best option for the university. Map C would allow the university to continue to thrive and support its students.

The University of Oregon is an important community of interest that should be preserved in redistricting to ensure effective representation. The proposed "Map A" divides the University into three different House Districts and three different Senate Districts – exactly what the redistricting law seeks to prevent. I support "Map C", which preserves the University as a community of interest and ensures its effective representation.

Sincerely,
Susan Jewett
