

Dear Members of the Redistricting Committee:

The University of Oregon is an important community of interest that should be preserved in redistricting to ensure effective representation. As both a city of Eugene resident, and an employee of the University of Oregon, how you choose to read district matters to me. The proposed "Map A" divides the University into three different House Districts and three different Senate Districts – exactly what the redistricting law seeks to prevent. I support "Map C", which preserves the University as a community of interest and ensures its effective representation.

Thank you for considering my comments.

Sincerely,  
Abigail Rotholz
