

Dear Members of the Redistricting Committee:

The University of Oregon is an important community of interest that should be preserved in redistricting to ensure effective representation. The proposed "Map A" divides the University into three different House Districts and three different Senate Districts – exactly what the redistricting law seeks to prevent.

As residents who live near the University of Oregon, we support "Map C" which preserves not only the University Community but also the integrity of the immediate neighborhoods that surround the university and ensures that they are effectively represented.

Sincerely,

Rev. Dr. Gary D. Powell and  
Jane Powell
