

Dear Members of the Redistricting Committee:

Thank you for your working to make sure that our districts in Oregon are fairly structured. I both work and live in the University of Oregon area and I believe that this area should be considered an important community of interest that should be preserved in redistricting to ensure effective representation. The proposed "Map A" divides the University into three different House Districts and three different Senate Districts – exactly what the redistricting law seeks to prevent. I support "Map C", which preserves the University as a community of interest and ensures its effective representation.

Sincerely,  
Mindy Schlossberg
