

To Whom It May Concern:

Currently, Portland had 30% of representatives with only 15% of the Oregon population. This is wrong and disenfranchises our rural communities. I believe that districts should not be drawn to favor any political party or incumbent or diluting the voting strength of any language or ethnic minority group. Keep counties and cities whole. Preserve communities of common interest. Ensure that populations for each district be closely matched. Avoid crossing geographic or political boundaries and maintain transportation links.

Kind Regards,

Stephen Kassis, 525 E. Ash, Lebanon OR 97355
