

Hello Committee:

I missed the registration memo so was unable to attend the session today for Crook County. I moved to Oregon from Alaska intending to be located in a rural area with farm / ranch and timber uses which goes along with the community style that I desired.

In order to have the governmental representation that most appropriately fits the economy and lives of Crook County residents including myself, I am very much in favor of Congressional Map "B", Senate Map "B", and House Map "B". All three of these maps, though a compromise, most accurately represent the population and representation that I desire.

Thank you all for your efforts,
