

I want the redistricting of Oregon to show more representation for the Eastern half of our state. Too long the state has been governed by the cities of Portland, Salem, and Eugene while ignoring the needs and challenges of the rest of the state. I recently moved away from the City of Portland due to the disgusting things that are happening there and the inability of our city mayor and governor to do a damn thing. I am happily living in a more rural community in Oregon. but these people here have been underrepresented to their needs.

People living in Portland, Eugene, and Salem have no idea what is going on in the rest of our state. What our needs and values are.

Thank You,
Rebecca Richardson
