

Dear Members of the Redistricting Committee:

The University of Oregon is an important community of interest that should be preserved in redistricting to ensure effective representation.

The proposed "Map A" divides the University into three different House Districts and three different Senate Districts – exactly what the redistricting law seeks to prevent. I support "Map C", which preserves the University as a community of interest and ensures its effective representation. I also live in this university community, and I will be distressed if we cannot unite in bringing our concerns and needs to a representative who will be accountable to us, as well as the other communities of interest in the district.

Sincerely,

Janice Marshall
