

Dear Members of the Redistricting Committee:

I am writing to strongly oppose the proposed "Map A" redistricting Plan that includes the University of Oregon.

The University of Oregon is an important community of interest that should be preserved in redistricting to ensure effective representation. The proposed "Map A" divides the University into three different House Districts and three different Senate Districts – exactly what the redistricting law seeks to prevent.

I strongly support "Map C", which preserves the University as a community of interest and ensures its effective representation.

Sincerely,

Richard Freund
