

To Whom it May Concern,

I am part of rural district 15, I live in the unincorporated community of Dever-Connor that is north of Albany. Our address is an Albany address, the kids out here go to Albany schools, we are party of Linn County, just how would it help to remove us from district 15, and make us have less say than we already do about our community and the resources we use here. Please either leave our district alone or go with plan B that leaves most of Linn County together, and leaves Albany, Millersburg, and Tangent together since we all use the same resources. It's the only thing that actually makes sense, A and C make zero sense at all.

Thank you,
