Oregon Redistricting Preference  
Oregon Legislature  
Salem, Oregon

To the Representatives of the People of Oregon:

My name is Ken Marshall of North Albany. My wife and I moved our family here in 2005 to raise our children in this beautiful state. We are registered voters and participate in every election.

Over the years, we have been dismayed to see the political climate we left in California appear here in Oregon. The one-party rule of our legislative bodies, even Congress, is not healthy nor appreciated. We feel that our votes are cancelled by the aligning of the different legislative districts to reflect Portland values.

After reviewing the redistricting plans we believe that Plan B is the best option to have fair representation in the Congressional, Oregon Senate and Oregon House districts. This Plan aligns most Oregonians with fellow citizens of the same geographic and demographic communities.

**Best,**
