

Dear all,  
Your time and consideration is greatly appreciated.

As a hay farmer in Bend Oregon, District #2 I would like to submit my redistricting input.

From a hay farming perspective, I submit to keep rural agriculture interests of both North Central Oregon and the rest of Eastern Oregon together. The Cascade Mountains are the natural boundary that should remain the same, farming practices and methods are completely unique on the East side of this mountain range. The same processes do not apply on the West side.  
I wholly agree with plan B for District 2

Thank you for receiving and considering my input in this important matter.

Sincerely,  
Mrs. Teirlynck  
Native Oregonian  
Bend, Oregon
