

To all concerned,

My name is Joshua Dennison. I am citizen, a parent and small business owner residing in District 1, Hillsboro, Washington County, Oregon. This is written testimony of my stance on redistricting.

For District 1:

I support Congressional map B

I support Oregon Senate map B

I support Oregon House map B

These maps do a much more fair and efficient job of keeping clear political boundaries, keep counties, cities and school districts whole and provide the most fair representation of all citizens in my community and other citizens in Oregon.

Thank you,

Joshua Dennison
