

My name is Ruth Rubelt I live in rural Eastern Oregon.

I believe that we should use common sense and be sure to NOT manipulate maps, during this redistricting process, so that it benefits any political party or current politician.

I also think we should do our best to keep school districts, counties, towns and neighborhoods as they are.

We MUST take into consideration and ensure that rural counties are equally represented as the urban areas of this State. This is not a 'one size fits all' situation. rural communities and areas have far different needs and concerns than urban areas and need to be represented accordingly.

I support Congressional Map B, Senate Map B and House Map B.
