

I live in CD 2. I am concerned by what I see is an attempt at gerrymandering. I see an attempt to draw boundary lines with Portland and Eugene being used as the hub of a wheel to give those areas an unfair advantage in political issues. Those areas are not similar to the more rural areas they are being included within. This is clearly an illegal attempt to gerrymander boundary lines in an attempt to give a party, Democrats, an unfair advantage in controlling Oregon's political scene for the next 10 years. Congressional map B, Senate map B and House map B, while not perfect, seem to be better at reaching a fair, equitable redistricting.

Sincerely,
