

To whom It May Concern,

To put Jefferson County Dist 2 in with Multnomah County is absolutely insane. Earl Blumenaur is a joke and we don't want him having anything to do with our area. We highly oppose anything that Democrats try to impose on us here. Our county is very well managed and prosperous. Any thing that Blumenaur has been associated with has turn to garbage. We like our Senator and Representative. We voted for them and would find it an insult to our area if you allowed any redistricting to take place.

Respectfully,
