

Greetings,

Thank you for your work on congressional redistricting in Oregon.

I'd like to chime in with my support of Maps A and C. It seems to me to be important to keep Lane County together in this process, a geographical, political, and social region with a unifying identity.

In addition, it strikes me as essential to retain the connection between the UO campus community together with the working-class neighborhoods of West Eugene, as they share common interests which would be obscured and undermined by an artificial town-gown split.

Best wishes,
