

Good morning,

I would like to start with a bit about myself so you know where I'm coming from. My name is Christopher Weinmaster. I am a 40 year Oregon resident of Albany living in both Benton and Linn counties. I currently work for the only privately owned pharmacy in Albany. That business was started in 1994 by my parents and my sister still continues to own and operate that very business. I want to make it very clear that Portland does not represent Oregon. I am in favor of redistricting map B. Less power to Portland and more power to people like farmers loggers ranchers. The people who make the state what it is and always has been.

Thank you for your time,

Chris Weinmaster
