

We support Oregon **House Plan B** and Oregon **Senate Plan B**.

The A & C plans "divide communities of common interest" and therefore do not meet the legal criteria for redistricting.

Specifically, the House and Senate A & C plans create several large, mostly rural districts each with small inclusions of dense urban portions of Eugene, thereby disenfranchising the rural residents of these proposed districts.

Thank you for the opportunity to share our perspective.

Peter & Nancy Sikora, Congressional District #4
