

We would like to protest that our area of House District 57 is not contiguous with anything else in that district. There are no direct roads to the rest of HD 57 from our neighborhood.

We would like to be included with our neighbors in Milton-Freewater who will be in HD 58 or 59 depending how the districts are formed.

We, plus thousands of others, live near the Washington border North of Milton-Freewater but are included in HD 57; the closest town being Hermiston over an hour's drive away through Washington or through Milton-Freewater and Pendleton (HD 58 or 59) 1+ hour's drive.

Please cut off the NE "thumb" of HD 57 that has no relation with the rest of the district.

Thank you.
