

I am submitting my testimony today for the future representation for all Oregonians.

My husband and I moved to Wallowa County 20 years ago and joined with our fellow hardworking friends and neighbors as an RN and a CAD design tech along with those in ranching, farming, logging, small business as well as those serving in city and county community services all who provide for their families and contribute to the prosperity of our state.

Therefore I ask that the redistricting committee adopt House Plan B that provides equal representation to the interests of rural eastern Oregon according to the principles outlined in ORS 188.010.

Thank you for your consideration in this important matter of redistricting for the future of Oregon.
