

Dear Members of the Redistricting Committee:

House District 11 is a district that incorporates part of the City of Eugene, stretches south and then east and north around the city limits of Springfield and heads north to include parts of Linn County. It does not follow Oregon law with respect to District construction. The three largest precincts are located in Eugene in the University of Oregon neighborhoods and have a inordinate and outsized influence on the district.

Postal District 97478 represents a fair and contiguous district for our community. The population is very close to the District for the City of Springfield.

Sincerely,

Mitchell Rogers
37855 Shenandoah Loop
Springfield, OR 97478
