

There is absolutely no reason to drastically change the mapping on this area. Plan B is the best choice with our communities in mind. We just moved here from Marion County and love how Linn County is set up. With all the changes going on in everybody's life with the pandemic, the last thing we need right now is another drastic change. Do you guys even know the area? The other choices make zero sense if you are from around the area. Maybe really think about this instead of drawing random lines on a map and calling it good. Thank you.
