

I am a native Oregonian who is saddened at the direction our state has gone, and that those who were placed in positions of leadership seem to ignore they are supposed to represent the legal residents of Oregon: ALL!

Sadly it seems many now live in spiritual darkness, led by evil deceptions; with a total disregard for humanity.

As a Oregon voter I can only hope there is still folks, who were placed as representatives for Oregon, who hold within their souls the values & morals of Godly integrity & true justice. Individuals who will take a stand to fairly represent & support ALL hard-working, law-abiding, legally registered voters of Oregon.

I am asking you to vote and take a strong honest stand to allow fair equal redistricting measures.

Thank you
