

Hi,

My name is Alla Kovch,

I want to speak up that I oppose gerrymandering in Oregon. Due to the latest even in country and state, the recent attempt to recall Democratic Governor- it is clear people are not happy with the current government officials or the party in charge. The Democrats control all positions in state and it would be an awful violation of the right of opposite party to move the boundary lines on districts. It was remove fair representation of the people in those districts and give full advantage to democrats to fully and permanently control Oregon.

Totally dictatorial move and unfair. And it promises more abuse of power in the future. The misbalance in power is guaranteed if this gerrymandering is approved.

Please Stop Gerrymandering in Oregon. Keep Oregon American.

Citizen,

Alla Kovch
