

Hello I want to voice my opinion about the redistributing map for map 14. I'm against this redistributing map. It should not be including Eugene. We are in a rural area and do not want Eugene people to dilute what we want. These maps currently do not represent the people and where they live. Eugene should have it's own little redistributing map and the other small towns should be alone or with other small towns that are similar.

Thank you for your time,
