

Dear Members of the Redistricting Committee:

I have been a member of the University of Oregon (UO) faculty for twenty years. I feel that it is imperative to preserve the UO as a community of interest so that it is effectively represented in the state legislature. The proposed "Map A" divides the University into three different House Districts and three different Senate Districts – exactly what the redistricting law seeks to prevent. I support "Map C", which preserves the University as a community of interest and ensures its effective representation.

Sincerely,

Karen Guillemin
