

Hello, my name is Andrea Cueto. I am a homeowner in Brownsville, Oregon. When it comes to my stance on Redistricting, I believe including Salem, Eugene, and Portland metro areas with rural communities is wrong!! Its unbalanced.

We do not have the same values, economic status, and products of distribution as metro areas. I was raised in Marcola, Oregon, I've lived in Cottage Grove, Eugene, Corvallis and Portland. I work as a seasonal wildland firefighter, I work closely with rural communities. Having those metro areas mixed with rural areas drowns out the voices of the rural. Its unbiased and not fair. We wish to see rural Oregon thrive again. Not one agenda pushed for one side.

Separate metro from rural Oregon. All roads should not lead to Portland.

Sincerely, Andrea Cueto.
