

To whom it may concern,

My name is Julie Gjesdal, and I live in North Albany. I want our state to listen and to represent each and every citizen fairly so that we can become a more effective state within our boundaries and as one of the collective fifty state of our union, which is why I want to submit testimony for the current redistricting of Oregon.

Redistricting will affect our state and all the people who live in it now and for years to come. It is essential that the process be completed lawfully in accordance with the state constitution with the intent to give all citizens the opportunity to be fairly represented in our state. This includes both urban and rural populations in the state of Oregon.

With consideration of the options, I believe that redistricting plan B is the best option for Congressional, House, and Senate districts. This plan best allows for all citizens, regardless of political membership, to be represented fairly.

Congressional district - plan B

Senate district - plan B

House district - plan B

Sincerely,

Julie Gjesdal
