

To the Redistricting Committee Members,

As an Oregonian, born and raised in this beautiful state, I spent most of my 43-year career as an Emergency Dept./ Trauma registered nurse in an inner-city Portland Level 1 Trauma Center. After retiring, I chose to live in Central Oregon where my family roots run deep. Therefore, I am well aware of the extraordinary differences in values, lifestyles and interests that exist between individuals living in the Portland Metro area and rural Oregon.

I have never been politically motivated other than to faithfully vote, but this subject is too important for me to sit quietly by and hope it works out fairly for all Oregonians. Several of the proposed redistricting maps would not only further dilute the voice of rural Oregonians, but eliminate it.

"Congress Plan A" appears to directly violate most of the provisions set forth in ORS 188.010 to ensure fair and just redistricting boundaries. Therefore, I am asking you to please **strike** "Congress Plan A" from consideration and **ONLY** discuss "**Congress Plan B**" going forward which is a far more fair, and more importantly, legal boundary map.

Thank you,
Nancy Baker - Terrebonne, Oregon
