

I'm a resident and voter in House District 32 and am very concerned about the proposed redistricting, for this reason:

Gerrymandering political boundaries is a dishonest and despicable practice that must not occur in Oregon. It basically implies "the ends justify the means," a Machiavellian concept, that would mean whichever political party is in power (governor's office, legislature, courts) bullies the minority party constituents into accepting the rigged boundaries, and subsequent elections, to maintain their power. This is NOT acceptable.

Thus, I oppose Plan C for the redistricting of our House District boundary. Legislators of integrity must not further promote this unfair redistricting, Plan C.
