

To Whom It May Concern,

I wish to advocate for Plan B in the redistricting process. I live in CD2 and in looking at the proposed plans, Plan B appears to best follow the criteria set out in Oregon statutes (contiguous, equal populations, community of interest, etc.).

I am very uncomfortable with the Plan A arrangement of slicing up some of the metropolitan areas to deliberately push them into rural districts as well as moving larger cities such as Hood River and Bend out of CD2 without valid reasons.

Please select Plan B and keep Oregon counties whole.

Sincerely,
