

Dear Redistricting Committee & Committee Members,

There are many proposals up for grabs and most are not pertinent to the citizens they represent. Congressional District 2 is the largest but the current Congressman understands the needs and wants of the District. I think a fairer division could be made in District 4 to conform to the needs of its citizens.

As your constituent, I urge you to oppose any gerrymandering or undue partisan influence in the upcoming redistricting process. Oregonians across the state expect maps to be drawn fairly and in a compact manner, with communities of common interest like school districts and neighborhoods left intact. You must ensure that rural Oregonians are kept in districts with similar population density, and not drawn into districts with a higher population density and different needs. I ask that you ensure all Oregonians receive the representation they deserve. Oregonians will not stand for gerrymandered maps that blatantly benefit one party over the other.

Sincerely,

Nancy Klatt
