

Dear Redistricting Committee & Committee Members,

Dear Redistricting Committee,

In looking at your proposed maps, and with an eye on keeping centers of interest together as the Oregon constitution instructs I see that there are some good and some not so good choices for our rural Linn County area. Currently we are in HD 11 and SD 6. Districts that I feel do not appropriately represent those of us living in the South Central Linn area. Our "centers of interest" are not in Eugene and Springfield and it's baffling how we ever got placed in a district with them during the previous redistricting. The proposal "A" for House districts from your committee keeps our rural Linn County area together as it should be. The proposal "C" for Senate districts also accomplishes this. As does Congressional plan "A".

Respectfully submitted
