

I am a long-time resident of CD 2 and appreciate having someone represent me who knows rural Oregon and its challenges, especially our dire water needs. It is more than unfair for you to gerrymander me into a totally different district with different issues, where I will not be fairly represented. You are violating ORS 188.010. Please avoid further lawsuits and unsettling situations by doing this redistricting right the first time.

Thank you,

Sue Rahi
