

Democrats!!!

Please for the love of God STOP trying to gain more power by messing with the lines!!!

Why is this the only way you do business? Always looking for a way to Cheat the system, taking of advantage of every opportunity to grab another piece of another district.

You've continually sought to take away voting power from districts and it has to stop!

If you are going to do this job, follow the Oregon Constitution and rules you swore an oath of office to protect, not your own personal or political party desires.

Scott Schuler

District 17
