

Please rebuild voter faith in each of you as you represent us during the Voter Redistricting process! We each, Republican or Democrat, need to be assured that the new Districts that are formed are FAIR and JUST to BOTH parties!! Our confidence in your fair practices is fading fast and being replaced by complex frustration and in many cases, anger. The high level of frustration in your Oregon Voters will only lead to damaging unrest in our beautiful state.

Please listen to us ... that we NEED FAIR REPRESENTATION of BOTH parties in the Redistricting process,
