

Greetings,

I am John Burdett, a resident of far north east un-incorporated Deschutes County. I have a Redmond zip code out of the city limits and growth boundaries. I own and live on my farm, approximately 1 mile south of Smith Rock Road, about 2 miles directly south of Smith Rock State Park. I am about 4 miles east of Highway 97 just south of Terrebonne.

My purpose here is to testify to you that I support Congressional Map A, Oregon House Map C, and Oregon Senate Map C. I believe these maps are the closest meeting the rural needs of myself and like individuals within these maps. It is my wish and desire the Legislation approve these maps to provide constituents like me in my new proposed districts with representation meeting the stated goals of the Committee.

I wish to thank the Committee for the work accomplished on a difficult task. You are much appreciated.

Sincerely,

John Burdett
