

Legislative Representatives,

Please oppose the Democrat plan for redistricting Oregon's congressional districts. This is an obvious case of gerrymandering meant to silence the voices of the people of Bend by cancelling out our votes with those of the Portland area voters. The Constitution declares that we have the right to representation and by approving the Democrat's plan, you effectively and illegally silence us.

We are a nation built upon representative government, however, when our representatives concoct a scheme to strip citizens of their rightful representation, it's an indictment on our legislators themselves and proof of their lack of integrity. Any legislator who votes for the Democrat plan of redistricting should be prepared to defend themselves from an onslaught of legal battles following this clear case of gerrymandering.

Please do the right thing and allow the people of Oregon to be rightfully represented, otherwise it's our duty to elect representatives who will.

With Respect,
Kathryn Haferkamp
Congressional District 2
