

Hello,

I am an Oregonian who is concerned about the redistricting map for Plan A. I live in Central Oregon and I do not believe it is fair representation to have our votes affected by Portland area voters. Plan A has clearly violated ORS 188.010 where it says "not divide communities of common interests". Plan A divides Portland which is not allowed by our own state law.

I support Plan B.

Thank you,

Carol Layton
